The theme is the cycles of cataclysm every 4000 years and how this has influenced the rise and fall of civilisation. Generally, we believe the duration of history & civilisation is about 5000 years. However, Classical Authorities believed that human civilisation had existed for at least 20,000 years but it had been punctuated by a series of cosmic disasters. Evidence for this opinion shall be presented....

November 25th 2020 " Comets and the Oort Cloud" Roger O'Brien
